

USPTO Customer No. 25280
Inventor(s): Klutz et al.

Case No. 2957

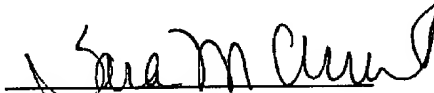

REMARKS

This Response is submitted to overcome the objection in the Notice of Non-Compliant Amendment, namely, that a number of the claims were described as being "Previously Amended" rather than "Previously Presented". It is believed that the above claims patentably define over the prior art record and that the application is in complete condition for allowance. Should any issues remain after consideration of this application, however, the Examiner is invited and encouraged to telephone the undersigned at his or her convenience.

Fee Authorization: In the event that there are additional fees associated with the submission of these papers, Applicant hereby authorizes the Commissioner to withdraw those fees from our Deposit Account No. 04-0500.

Extension of Time: In the event that additional time is required to have the papers submitted herewith for the above referenced application to be considered timely, Applicant hereby petitions for any additional time required to make these papers timely and authorization is hereby granted to withdraw any additional fees necessary for this additional time from our Deposit Account No. 04-0500.

Respectfully submitted,
